

Building Responsible AI Systems

FDP SESSION SNAPSHOT

Session Context

Focus Area

A comprehensive FDP session dedicated to the foundational and technical aspects of **Responsible AI**.

Core Coverage

Explored the critical intersection of **Governance, Frameworks**, and real-world **Implementation** strategies.

Learning Philosophy

Beyond theoretical concepts, the session prioritized **practical applications** and **interactive participation** to ensure knowledge retention and industry readiness.

Feedback Snapshot

4.7/
Overall Rating
5

Impact by Numbers

Over **90+ active responses** received from participants across technology and academic sectors.

Notable strengths identified in **clarity of delivery, communication**, and the utility of **practical examples** provided.

💬 Top Comments

- ✓ Clear Explanation
- ✓ Great Communication
- ✓ Informative Session
- ✓ Practical Insights

GREATLY APPRECIATE YOUR SUPPORT! 🚀

| Live Engagement

100% Positive

Participants reported high satisfaction with the live feedback loop and query resolution.

Strong Interaction

Deep-dive discussions on ethical use cases and industry-specific dilemmas.

Accessible Learning

Complex AI governance made simple and easy to understand for everyone.

| Participant Voices

- ✓ **Clear Explanations:** High appreciation for breaking down complex technical governance layers.
- ✓ **Informative Session:** Participants found the breadth of topics both comprehensive and relevant.
- ✓ **Practical Insights:** Actionable steps were provided for immediate implementation in AI projects.
- ✓ **Very Useful Programme:** Ranked as a highly beneficial session for academic and professional growth.

Future Iterations

Enhanced Case Studies

Integrating more real-world industrial scenarios, focusing on both success and failure cases in AI ethics.

Applied Scenarios

Creating deeper workshops for hands-on auditing and ethical impact assessment techniques.

Commitment to Continuous Improvement

Grateful for the Opportunity

Responsible AI is a continuous journey.

Let's connect and build ethical futures together.
